## Corally Burmaster

### Beyond Socialization: the When, How & What of the Puppy Head Start Program

*Start using these proven, innovative techniques  
with your next litter, training class, or puppy!*

**On June 21, 2008, Corally Burmaster will return to Dallas to talk about her successful *Puppy Head Start* program.** Corally will show you how the Puppy Head Start program turns scientific research into reality, enabling breeders, trainers, and puppy owners to do the right things at exactly the right time for optimum development. Corally will answer your questions and give you the step-by-step guidance to implement this successful program yourself.

#### Who is Corally Burmaster and who should attend this workshop?

Corally is an Airedale terrier breeder and all-breed dog trainer with 40 years experience rearing and training dogs. And she is one of the leading clicker trainers in the United States. Her video, *Puppy Kindergarten*, won the Dog Writers Association of America Maxwell Award for best video of the year 2003. Over the past 20 years, she has combined her scientific knowledge of puppy development, her experience with rearing puppies, and her understanding of canine behavior into a program that goes beyond genetics, physical puppy care, and socialization. This program is used by many breeders she adapted it for a service dog organization in Morristown NJ. This program enables breeders, trainers and puppy owners to provide the exact environment required at every stage of development to produce dogs that are: temperamentally sound, eager to learn, easy to train, confident in new situations, and a continuing joy to their owners!
